CLARK IS FOR PROTECTION

Representative of the Second District Expresses the Sentiments of a Large Number of Southern Democrats

Washington, April 7.—Congressman Frank Clark, of Florida, created a decided sensation in the House yesterday when he dramatically exclaimed that the South had made a serious mistake when it tied up to William Jennings Bryan, whom he declared to be a populist.

The Florida congressman began his address by saying that incidental protection was absolutely necessary in certain cases. He said that all legislation was the result of compromise: "I don't expect to write the tariff bill for this majority," he exclaimed, "but I say to you that if they put into this bill what my people want, what they sent me here to get, I shall not dictate to them what else they shall put into it." The Republicans applauded and cheered, and the House was thrown into an uproar when Mr. Randall asked: "If the gentleman believes in the doctrine that if a representative here gets some of the swag, he ought to go with the Republicans in making this bill."

Mr. Clark took exception to the use of the word "swag," and said that as long as the people of the South had to bear the burdens of the protective tariff, they at least ought to have a division of the benefits.

"Are you a protectionist or not?" Mr. Randall asked.

Mr. Clark evoked republican applause when he declared: "I am in line with the democratic party, but I am not in line with the populist element that has controlled it recently. I will tell you what I want the country to understand," he said. "We don't intend, so far as I am concerned, and I believe, the people I represent, to follow the Nebraska populist leader any more."

"Does the gentleman stand with the New Jersey democrats, that think Bryan knew too much of the decalegue to be president of the United States?" propounded Mr. Randall.

"I think," responded Mr. Clark with some feeling, "that the Southern democracy never made a greater mistake than when it turned its back on its democratic friends in the east that it had driven from the party, and tied up with populism out in Nebraska."

"I am just a plain, old-fashioned democrat," Mr. Clark said. "The people who assume to speak for the South are not entitled to that right. I am ready to stand with the people of the South, and I am tired of hearing my colleagues talk of the 'populist' men of the South. I want to do something to take them out of that class. The factories of the East are going to the South, where their raw material is to be found, where living is cheap, so that we can soon defy the world in the cheapness of manufactures."

Replying to a question by Mr. Finley, of South Carolina, Mr. Clark said that if the republican party would put in the bill what his people had instructed him to get, he would vote for the bill regardless of anything else.

DEPENDENCY CAUSED DEATH

Georgia Man Couldn't Stand an Unbroken Run of Bad Luck

Macon, April 7.—Capt. W. S. Tyson, who was up to April 1 state warden at the plant of the Stevens Sons Co., this city, committed suicide yesterday afternoon by firing a shot from a 38-caliber revolver into his temple, at his home on Elm street.

He was 55 years of age and well-known throughout the community. He had followed the business he was in for a quarter of a century and because he failed to get a place when his own position was destroyed in the removal of the convicts to the counties he was despondent. He had suffered ill health a long time in addition to this.

ALABAMA LAW WILL STAND

Supreme Court of the State Decides that the Prohibition Statute is Constitutional

Montgomery, Ala., April 7.—The test case which the liquor interests in Alabama brought to determine the legality of Alabama's prohibition law resulted in a decision by the supreme court that the law is constitutional and valid. All of the judges concurred in the decision. The bill was attacked from a constitutional standpoint. This is the second time the law has been the subject of an attack by the liquor men, and in each case it has been successfully defended.

DROUTH IN MICHIGAN

Three Hundred Saloons Put Out of Business in Tuesday's Election

Detroit, April 7.—Upwards of 300 saloons and ten breweries were forced out of business in the 19 counties voted dry yesterday. Returns indicate that instead of going dry Iscoo county went wet. In eight wet counties there are a total of 300 saloons, giving the dry a victory of about 300 saloons.

ACROSS THE EVERGLADES IN THE DEVIL'S DREAM

An Amphibious Craft Which Will Make an Unconventional Voyage

Miami, Fla., April 6.—The Devil's Dream is the name of a boat-automobile now being built in this city for the express purpose of crawling and swimming across the Everglades of Florida.

John Buckley, formerly of Boston, Mass., who operates a little repair shop at 1211 Avenue C, is the designer and builder of this peculiar motor concern, and within a few days he expects to give the machine a trial.

The craft will be ready to be launched within a few days, when preliminary trips will be made into the Everglades. After the conditions in the 'Glades are thoroughly understood and the boat fitted to overcome obstacles of all kinds, a start will be made by Mr. Buckley in his Devil's Dream for a general search of the Florida Everglades.

W. W. Moore, the photographer of Avenue C, whose gallery adjoins the workshop of Mr. Buckley, will accompany Mr. Buckley on the trip across the 'Glades in the capacity of official photographer. The boat will be equipped with provisions, guns, ammunition, etc., and the trip promises to be as interesting to the "two men in the boat" as Roosevelt's trip will be to him in Africa.

Snakes, alligators, crocodiles, bears or any reptile or wild animal will be dealt with by these explorers, and they expect to have enough material when their trip ends to fill a good sized magazine.

A little tank, sufficient to hold gasoline for a day's run, will feed the gas engine, and a can of gasoline will be carried in the boat. The supply barrel of gasoline will be towed behind the boat. This will be so arranged that while the boat is in the water the barrel will float on behind, and when crawling across the saw grass, and land the barrel will roll.
